

22 Gallon Recycle Bin

Recycle bin designed for residential collection with larger, easy to use handles.

22 Gallon Recycle Bin

Introducing the first curbside recycle bin with rounded handles. Made from 100% high density polyethylene and designed for curbside recycling programs, this bin will withstand extreme temperature ranges and repeated indoor and outdoor use. With added design features Nova's recycle bins never stick when stacked together and can be handled easily even with heavy duty work gloves.

FEATURES:

- Made from high density polyethylene (HDPE)
- Measured volume at 23.8 Gallons or 90 Litres
- Larger handles with more finger room
- Rounded handle design prevents breaking from repeated use
- Drag ribs on the bottom of the bin for longer wear and tear
- 88 kilogram weight capacity
- Four (4) drainage holes
- Spill retention channel
- Withstands temperature ranging from -40°F to 130°F
- Custom colours available
- Custom imprinting available
- Solid lids, vented lids, lids with quick-drop hole and lids with quick-drop slotted hole are available
